January, 2024

Marks: 75

Duration: (3 hours)

---

INSTRUCTIONS

Answer all question. Each question carries 25 marks.

1. What has the Early Stone Age taught us about early primates and the evolution of culture?
2. Discuss the characteristics of the Middle Stone Age and its contribution to human evolution.
3. Examine the human evolution tree beginning with Sahelanthropus Tchandesis primate to the modern human beings.
4. The late Holocene is characterised by interactions between hunter-gatherers and farming communities. What are the cultural exchanges that were experienced between the two?
5. Critically discuss the archaeological sites of Great Zimbabwe and Mapunguugwe.
6. Citing examples, discuss the spiritual and socio-cultural depictions on the San rock art.
