Instructions: Answer any **three** question

1. Assess the utility of any one of the three approaches to the study of Political Development.
2. Samuel Huntington's theory of political decay provides an explanation for instabilities in the developing countries. Discuss.
3. Critically examine the conflict perspective's view of democracy as being an impediment to economic development.
4. Which between positive action (Kwame Nkrumah) and violence (Frantz Fanon) would you recommend as a strategy for protests in the developing countries? Justify your answer.
5. Discuss globalisation from either Liberalism or Marxism's point of view.
